CARL BRIDENBAUGH'S

masterly studies of urban life in the American Colonies

CITIES IN REVOLT
1743-1776

A richly documented history of the five major cities of colonial America—Boston, New York, Philadelphia, Newport, and Charleston—during the crucial years preceding the Revolution. Mr. Bridenbaugh has re-created, by a brilliant synthesis of contemporary documents, the authentic temper and spirit of these young American cities, thereby producing a vast and amazingly coherent portrait of early metropolitan America. *With 19 illustrations, 455 pages.*
$7.50

CITIES IN THE WILDERNESS
1625-1742

Long out of print, this is a key work in Colonial history that shows for the first time the importance of urban society during the early Colonial period as contrasted with rural and frontier societies. It is now reissued in a format uniform with *Cities in Revolt. 500 pages.*
